

MEITAL MALE COUPLING

Product Technical sheet

ABOUT

The Meital product line is designed to provide perfect sealing to thin-wall irrigation pipes or Drip-Line pipes. Due to its unique structure, the Meital series works perfectly with wide range of wall thickness of Drip-Line pipes, allowing maximum flexibility in design and installation of irrigation systems.

FEATURES

- Long-term connection reliability
- Quick installation - without need to disassemble the fitting
- Maximum working pressure: PN4

TECHNICAL SPECIFICATIONS

- Fits to Drip-Line and Thin-Wall pipes of PN 2.5 and PN4
- Minimum working temperature.....0°C (32°F)
- Maximum working temperature..... +60°C (140°F)

The connectors withstand water pressures detailed below for all temperatures in the working range:

- Continuous working pressure.....4bar
- Peak working pressure.....10bar
- Burst pressure.....12bar

AVAILABLE PRODUCTS

size	Cat No	Qty. per box
20 x 3/4"	150 20 M 41 02	140 A2

DIMENSIONS

MATERIALS

#	Part	Raw Material
1	Body	Polypropylene – Black color
2	Nut	Polypropylene – Black color
3	Grip Ring	Acetal – White color
4	Insert	Polypropylene – Orange color
